**Interests or Hobbies:** Spending time with friends and family, reading, shopping, exercising, spending time outdoors, taking family trips.

**Favorite Musical Artist or Band:** Morgan Wallen, Bailey Zimmerman, Chris Stapleton, Luke Combs.

**Why I decided to go into education:** I knew I wanted to work with children. My second grade teacher was like another mother to me. She was kind, patient and loving. She made me feel incredibly special. I want to do that for my students.

**What is the Best Part of Being a Teacher at Pawnee?** Pawnee has always been home to me. I started my career in education here. My love of teaching started when I was hired as a Preschool aide in 2014. I knew immediately it was what I wanted to do. I was blessed to return to Pawnee after finishing my degree. Everyone is so kind and passionate about teaching and changing the lives of their students. I truly wouldn't want to be anywhere else.
