**Interests or Hobbies:** Exercising, shopping, and spending quality time with my family.

**Favorite Musical Artist or Band:** Carrie Underwood

**Why I decided to go into education:** I wanted to follow in my mother's footsteps and instill a love for learning in my students. I love molding young and inquisitive minds.

**What is the Best Part of Being a Teacher at Pawnee?** I think there are many things that set our school apart from other districts in the area, but the one thing that stands out to me is the family-like atmosphere you feel when you enter the building. Together, our staff members dedicate their time, resources and love to our amazing students. I feel so blessed and grateful to be part of this wonderful school community.
