Interests or Hobbies: St. Louis Cardinals, Los Angeles Rams, Sprint Car Racing and my family.

Favorite Musical Artist or Band: Blink 182, Black Eyed Peas, Drake, Kendrick Lamar

Why I decided to go into education: I was a volunteer with the Junior Achievement program. I loved going into the classrooms and working with the students. One of the teachers I worked with asked if I had ever considered being a teacher and right then I decided to become one. I absolutely love my job!

What is the Best Part of Being a Teacher at Pawnee? I love how supportive everyone is for the science experiences I want to give the students! Any supplies I need I have always gotten. It really helps provide the best science experience possible!
