What has been the most difficult aspect of the COVID pandemic for you? The quarantine. I love seeing the students and it breaks my heart to not have them at school.

What would you like to tell your students during this difficult time? You are missed and loved. Stay positive, ask your teachers for help anytime you have a question. We want you to keep in mind this is just a season and support each other.

What is the Best Part of Being a member of the staff at Pawnee? The students!
