What has been the most difficult aspect of the COVID pandemic for you? The uncertainty of things. The great unknown sometime of what is going on.

What would you like to tell your students during this difficult time?

Try to persevere and keep your head up. You are not alone. You will be stronger at the other end for going through this.

What is the Best Part of Being a Teacher at Pawnee? Getting to know the students, faculty, administrators, and staff. You get to come into contact with nearly everyone.
