Interests or Hobbies: I enjoy volunteering at my church in youth events, acting as secretary for a local Boy Scout troop, reading, taking walks, cooking/baking, and spending time with my family.

Cardinals/Cubs/Neither: No preference, as long as it's a good game!

What has been the most difficult aspect of the COVID pandemic for you?
I miss seeing my students in person!

What would you like to tell your students during this difficult time?
Even when we can't see you in person, we still care about you and are so excited to help you learn and grow this year.

What is the Best Part of Being a Teacher at Pawnee? We have a wonderful, helpful staff and a supportive community. It truly feels like we are all one big Pawnee family!
