What has been the most difficult aspect of the COVID pandemic for you?

It has been difficult not seeing students in the classrooms, hallways, etc. I'm missing the mix of personalities and laughter in the classroom.

What would you like to tell your students during this difficult time?

Keep your chin up, try your best, and we will get through and learn together.

What is the Best Part of Being a Teacher at Pawnee? The students are the best part of being a teacher at PGS.
