Cardinals/Cubs/Neither: Cubs

What has been the most difficult aspect of the COVID pandemic for you?
My children not being able to be in school!

What is the Best Part of Being a member of the staff at Pawnee? I work in the Pre-K and really feel like the 5 us are a family! Also I love that my work schedule is the same as my children's school schedule. I never miss time with them. I would also like to say I work for the best school district! I love being an Indian!
