Interests or Hobbies: Spending quality time with my children. Coaching volleyball, traveling, and shopping.

Favorite Musical Artist or Band: I like a variety of music so I don't have a favorite.

Why I decided to go into education: To teacher kids about the importance of health and being active.

What is the Best Part of Being a Teacher at Pawnee? The staff and students have been very welcoming and helpful in the short time that I have been here. As a new teacher I was not sure what to expect but everyone here has exceeded my expectations.
